

Dear FCC,

I am a member of Wisconsin's No-call List. In my opinion, this law is not strict enough. I still get phone calls on the average of one per day, that are unsolicited. I find these increasingly annoying, as do many others.

Please do not consider weakening this law. I just had a bank in Appleton call me about refinancing my home. If I want to refinance my home, I will go looking for a bank of my choosing. I do not want to be bothered in my home! I work at home, and this is affecting my productivity.

I appreciate your time and consideration.

Sincerely,

Anita Murray
